# Douglas County CJCC 2025-2027 Strategic Plan Overview

Mission: To be an advisory board that provides an open, transparent, and collaborative forum for justice system partners, stakeholders, and community members to come together to share information, problem solve and make evidence-informed recommendations to improve the criminal legal system.

Vision: A just and equitable experience for all, balancing the criminal justice footprint with public safety expectations in Douglas County

Goal: Create a realistic and actionable strategic plan for the Douglas County Criminal Justice Coordinating Council (CJCC) that supports its mission and vision, including:

- Key priority areas for the CJCC to focus on in the coming years
- Strategic initiatives with short-, medium-, and long-term goals for each priority area
- Action plans to implement the CJCC's strategies effectively

On the heels of an assessment of the CJCC in relation to national standards for CJCCs and the ensuing revisions to its bylaws, the CJCC set forth to develop its first Strategic Plan. Per national standards, the CJCC undertook several steps to ensure a participatory and data-guided approach to developing its strategic plan, including:

- A formal workgroup charter to guide strategic planning process and along with CJCC staff and technical assistance provided by the Justice Management Institute
- Outreach to the community and the engagement of a wide array of stakeholders in the strategic planning process
- The use of system level data to inform plan development

Data Informing the Strategic Plan\* includes:

- Key Data Template Findings
- Key Focus Group Findings
- Key Survey Findings

\*For more information regarding the data informing the Strategic Plan please see the 'Briefing Presentation' provided by the Justice Management Institute.

# 2025-2027 Strategic Plan Summary

Priority #1 - Enhance Existing System Data Metrics: Collect, analyze, and share data to identify trends, guide strategic discussion, and inform decision making

### Goal

- I. By January 2026, the CJCC will have established a quarterly cycle of system data reporting.
- II. By April 2027, the CJCC will have produced two annual reports.

## **Objectives**

- I. Set Expectations: Create and Convene Data & Technology Committee
- II. Start Measuring: Establish Initial CJCC Systemwide Data Metrics
- III. Decide What Else to Measure: Expand CJCC Systemwide Data Metrics
- IV. Make data metrics understandable: Establish reporting templates
- V. Make data metrics accessible: Produce Standard Reports for the Public

# Priority # 2 - Assess and Strengthen Pretrial Processes to Maximize Pretrial Outcomes

#### Goal

III. By December 2026, document the current processes and impacts of pretrial phase decisions, and make recommendations to maximize pretrial outcomes.

# **Objectives**

- I. Assess what happens in practice and determine where to intervene: Map current practices at each pretrial decision point and identify area(s) in need of intervention
- II. Intervene: Identify and implement specific intervention(s) where needed
- III. Ongoing Jail Population Review: Develop an ongoing process to review the status of detained defendant and safely expedite lengths of stay
- IV. Recommend Improved Pretrial Assessment Practices: Reexamine current pretrial assessment tool and practices to inform improvements

# Priority #3 - Improve public safety outcomes by more deliberately providing a continuum of criminal justice program options to intentionally reduce crime-contributing factors.

#### Goal

By December 2027, the CJCC will analyze the gaps between clients' crime-contributing factors and available services, and issue initial evidence-based recommendations for more intentionally reducing the risk of reoffending.

## **Objectives**

- I. Set Expectations: Create and Convene Criminal Justice Programming Committee
- II. Assess crime-contributing factors: Produce a Risk, Need, Responsivity (RNR) analysis of the justice-involved population within each decision point
- III. Identify available services: Inventory existing services provided to CJS clients and bring My Resource Connection up to date
- IV. Identify what RNR factors are/not being met and what to do about it: Complete a gap analysis between RNR profiles and existing services with recommendations for more intentionally reducing crime-contributing factors

# Priority #4 – Develop a strategic communications plan

# Goal

By October 2025, develop a comprehensive communications plan that outlines how the CJCC will strategically convey information to member agencies, the public, and the media, in a coordinated, consistent, and effective manner.

# **Objectives**

- I. Publish and disseminate Strategic Plan
- II. Develop strategic communications plan
- III. Intentional and ongoing updated information sharing
