Re : Consider consent agenda approval of relocation of Permanent Road Record
No. 553 (N 2100 Road)

In 2017, N 2100 Road (Permanent Road Record No. 553) near the intersection of US Highway 24/59 with the Douglas-Jefferson County line was demolished and reconstructed in a new location. This road is the access for the landfill and quarry just north of the County line. It was moved to its new location to improve the intersection alignment for truck traffic and to increase sight distance along the highway.

Since the road construction is complete, the next step would be to update the road records that are kept at the Public Works office to show the new location. The relocation of the road can be done by resolution and without formal viewing and without the presentation of a petition. All of the right-of-way needed for the new road was donated by the land owner. Exhibit drawings have been prepared to illustrate the relocation.

Action Required: Consider consent agenda approval of a resolution that officially relocates the record location of Permanent Road Record No. 553 (N 2100 Road) to its new location.

MEMO TO: Board of County Commissioners

FROM: Bob Tryanski, Director of Behavioral Health Projects

SUBJECT: Contract with Headquarters to Implement Zero Suicide Initiative

DATE: August 22, 2019

Attached for your consideration and approval is a contract between Douglas County and Headquarters Counseling Center to convene and implement a Zero Suicide initiative in Douglas County.

In alignment with the 2018-2023 Douglas County Community Health Plan strategy to prioritize prevention, Headquarters, Inc. will be the lead agency on implementing the Zero Suicide Initiative with healthcare agencies serving Douglas County residents. These include Bert Nash, LMH Health, Heartland RADAC, Lawrence-Douglas County Health Department, Heartland Community Health Center, and DCCCA. Douglas County schools will also be engaged to identify their needs for supporting students at risk of suicide. The Douglas County Suicide Prevention Coalition will provide community input and review progress of the initiative.

Zero Suicide is a healthcare systems approach to suicide prevention which starts with the belief that no one enrolled in the healthcare system should die by suicide. This is achieved through universal screening for suicide risk and enrollment in a suicide care pathway which mitigates immediate risk for suicide and goes on to treat the drivers of suicide.

As outlined in the contract, the scope of work for Headquarters, Inc. in year one will focus on three areas in alignment with the SPF process being guided by DCCCA to identify prevention strategies for Douglas County. Headquarters, Inc. will guide the participating agencies in conducting an internal assessment of their readiness and capacity to implement the Zero Suicide approach. Headquarters, Inc. will also lead the agencies in assessing the readiness of their workforce to implement the Zero Suicide approach. Both of these tasks will conclude with a list of recommendations for the implementation of Zero Suicide approved interventions in their respective agencies. Cross agency meetings used for support in the Zero Suicide initiative will be coordinated by Headquarters, Inc.

In addition to the assessment and capacity building tasks, Headquarters, Inc. will be responsible for working the Education Development Center (EDC), the entity who supports implementation of Zero Suicide nationally. The goal will be to for all Douglas County agencies to be ready to participate in an EDC Zero Suicide Academy in 2020. Funding for this initiative will come from the Behavioral Health Projects Equipment Reserve fund in 2019 and sales tax revenues in 2020.

The following motion is recommended to approve these items:

***“Recommend approval for Headquarters Counseling Center to serve as the lead agency in convening and implementing Douglas County’s Zero Suicide Initiative with a cost not to exceed \$75,000 in year one.*”**

Upon the occurrence of an Event of Default, the County may provide written notice to Provider of said default (a “**Notice of Default**”). Any Notice of Default issued by the County will describe the default with reasonable particularity and specify a reasonable time for Provider to cure the default. If Provider fails to cure said Event of Default within the time specified for cure thereof, the County may terminate this Agreement, effective upon written notice to Provider or at other such time as may be specified by the County. Failure or forbearance by the County to act upon a particular breach or default by Provider shall not be deemed a waiver or acquiescence concerning future breaches or defaults.

If Provider fails to do so, the County may immediately re-enter and take possession of its facilities and remove Provider and all persons and with all personal property found therein by any lawful means.

(d) Notwithstanding anything to the contrary above, in the event that an Event of Default creates or is reasonably anticipated to create a risk to human life, health or safety, the County may immediately terminate this Agreement and exercise all rights provided for herein, including but not limited to, taking immediate possession of the County's facilities utilized by Provider and taking such other actions as lawful and appropriate under the circumstances.

(e) Upon termination of this Agreement prior to the expiration of the Term, Provider shall no longer be entitled to any compensation under Paragraph 6 or the Payment Schedule which would be due and/or payable after the termination date.

(f) Upon the occurrence of an Event of Default, the County, in addition to any other rights and remedies that it may have at law or equity, will be entitled to recover from Provider all damages it incurs by reason of Provider's default.

(g) Provider's sole remedy for any breach of this Agreement by the County shall be to recover amounts actually due and owing from the County for Services rendered by Provider pursuant to this Agreement. **The County shall not be liable to Provider for any other amounts, including incidental, consequential, special, punitive, or any other damages or relief of any nature whatsoever. 12. Termination Due To Lack Of Funding Appropriation. If, in the judgment of the Douglas County Administrator, sufficient funds are not appropriated to continue the function performed in this Agreement and for the payment of the Services hereunder, the County may terminate this Agreement at the end of its current fiscal year. The County agrees to give written notice of termination to Provider at least thirty (30) days prior to the end of such fiscal year. The County will pay to Provider all regular contractual payments incurred through the end of such fiscal year. The termination of this Agreement pursuant to this paragraph shall not cause any penalty to be charged to the County or the Provider.

13. Privacy Rights and Protections. To the extent that Provider is subject to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), which regulates the use and disclosure of Protected Health Information ("PHI") held by "covered entities," and Chapter 42 of the Code of Federal Regulations (CFR) Part 2 ("Part 2"), which applies to certain substance use disorder treatment facilities, Provider agrees to comply with HIPAA and Part 2 at all times and to advise the County concerning procedures and protocols to maintain compliance with HIPAA and Part 2 at all times.

14. Independent Contractor Status. For all purposes, including but not limited to, income tax withholding, payroll taxes, unemployment compensation, employment law, wage and hour law, workers compensation, and all other purposes, the Parties agree that Provider is an independent contractor of the County. The County and Provider are not joint employers, and no person with which Provider contracts or hires to provide the Services shall, under any circumstance, be considered an employee or direct contractor of the County. Provider shall be solely responsible for the means, manner, and method of providing the Services. Provider shall be responsible for all matters related to federal and state payroll and withholding taxes, workers compensation insurance, salaries, fringe benefits, and all other matters of the personnel it contracts with or hires to provide the Services. Provider shall require all such persons, other than Provider's direct employees, to agree in writing to all terms of this Agreement. Provider agrees to comply with all applicable laws and regulations regarding hiring, compensation, benefits, and other aspects of Provider's relationship with its employees or contractors.

15. Indemnification. Provider shall defend, indemnify, and hold harmless the County, and its elected officials, officers, employees, agents, and representatives, from and against any demand, claim, loss, injury, cost, liability, damage, or attorney's fees of any nature whatsoever arising out of or alleged to be caused by any act or omission by Provider or any of its directors, officers, employees, representatives, contractors, suppliers, vendors, or agents, or anyone else affiliated or associated with Provider, in the performance of the Services, this Agreement, and/or any other activity conducted by Provider.

16. Miscellaneous. This Agreement shall be binding upon the Parties hereto and their successors in interest. Provider shall not assign this Agreement to any other party (or parties) without the prior written consent of the County. Failure to insist upon strict compliance with any provision hereof shall not be deemed a waiver of such provision or any other provisions hereof. This Agreement may not be modified except by an agreement in writing, executed by

the Parties hereto. Notwithstanding the previous sentence, the County or its designee is hereby authorized to renew this Agreement in writing in accordance with Paragraph 1 herein. This Agreement shall be governed in all respects, including validity, interpretation and effect by the laws of the State of Kansas. Nothing with this Agreement shall serve to create any duty to or rights in third parties. No Party is relying upon any promise or representation not expressly set forth in this Agreement. This Agreement constitutes the entire understanding between the Parties and supersedes all prior negotiations and understandings, whether written or oral. Each Party represents and warrants that the person executing this Agreement on behalf of the Party has authority to do so, and that all necessary prior approvals and permissions have been obtained for said person to execute this Agreement on behalf of said Party.

IN WITNESS WHEREOF, the Parties have executed this Agreement effective as of the day and year first written above.

MEMO

To: Douglas County Commissioners
From: Steven Miles
cc: Sarah Plinsky, Interim County Administrator
Date: August 15, 2019
Re: Tax abatement under K.S.A. 79-1613

On May 28, 2019, a major storm that spawned what would become an F4 tornado entered Douglas County and first touched down southwest of Lone Star Lake. The path of travel was generally southwest to northeast passing just to the south of the City of Lawrence and continuing west of Eudora, eventually leaving Douglas County just northeast of Eudora. Fortunately, there were very few human injuries associated with this event.

However, there was considerable damage and destruction to buildings and property over the course of this storm. In 2014, the Kansas legislature enacted a statute allowing the county commission to grant abatements of all or part of the taxes due or to be charged as a result of substantial destruction of a homestead by an event deemed to be a natural disaster. A natural disaster includes, but is not limited to, tornados.

As of this memo there have been 22 applications requesting tax relief under this statute by some of those affected. Seventeen (17) applications have been reviewed and processed by the County Appraiser. Recommendations of if or how much abatement should be granted are indicated on the spreadsheet that accompanies this memo. The calculated percentage of abatement of the tax is arrived at by determining if the property meets the requirements of the statute, assuming that the land remains as useable for the purpose intended, and prorating the amount for the time remaining in the current tax year. I have interpreted the language in the statute to indicate that the abatement only applies to the residential dwelling and does not extend to the detached outbuildings, landscaping or land. The estimated dollar amount of the abatement (based on 2018 mill levies) is currently about \$30,800. Applications continue to be filed.

Each application has been treated separately. The applications, supporting documentation and calculations are on file in the Appraiser's Office. I am available to clarify or answer any questions you may have about my recommendations.

Recommended Action: Consider approval of real disaster relief pursuant to K.S.A. 79-1613 as recommended by the County Appraiser.
